International Programs and Services

OFFICE OF INTERNATIONAL PROGRAMS

Offices in Laurel Hall
(970) 491-5917
international.colostate.edu

James A. Cooney, Vice Provost for International Affairs

The Office of International Programs acts as a catalyst for ideas that bring about internationalization and institutional change, identifying resources to support international programs and initiatives on campus. Its programs and services impact teaching, learning, research, outreach, and the campus environment. In 2013, CSU received the Senator Paul Simon Award for Campus Internationalization in recognition of the University’s significant progress toward comprehensive internationalization.

The Office of International Programs is involved directly in implementing the University’s Strategic Plan that outlines CSU’s commitment to international research and strategic partnerships. This includes global scholarship, the funding of research through cooperative agreements with partners abroad, and the integration of global concerns into our signature areas of funded research. The Office of International Programs developed the University’s internationalization plan and monitors its progress. The goals of the Office of International Programs’ activities are to encourage domestic and international students to graduate from CSU with a broader outlook on the world by participating in courses with international content, study abroad experiences, and other activities on campus.

In fulfilling its mission, the Office of International Programs brings Colorado State University recognition as a model of effective, innovative, and student-centered institutional internationalization. It does so through a collaborative process, especially with the faculty and CSU’s eight colleges, that makes international activity integral to the University’s instruction, student service, research and outreach programs, and to the experience of the University’s students.

The office is organized into three functional units—International Education, Education Abroad and International Student and Scholar Services.

International Initiatives

Office in Laurel Hall
(970) 491-5917
international-initiatives.colostate.edu

Colorado State University encourages students and faculty to gain knowledge for living and working in an increasingly globalized and interdependent world. The Office of International Programs, through its International Initiatives unit, offers relevant international experiences for students and faculty on campus and abroad. Experiences coordinated through International Initiatives include on-campus courses for learning about other cultures and issues of world importance (IE prefix courses), international interdisciplinary programs, international field experiences and work, internship, and volunteer programs, and ongoing campus programs such as the Global Village Residential Learning Community that offer opportunities to learn about the world. The Peace Corps Masters International Program in Agriculture, Natural Resources, English, and Food Science and Human Nutrition are administered through International Initiatives. The campus Peace Corps representative is also located within International Initiatives.

Interdisciplinary Programs and Area Studies

Undergraduates can enrich their understanding of regional cultures and international issues through international interdisciplinary minor programs. Minors are offered in Latin American and Caribbean Studies, International Development Studies and Peace and Reconciliation Studies. For specific program descriptions, refer to the University Interdisciplinary Studies Programs section in the University-Wide Instruction Programs chapter (2.4).

International Education (IE) Courses

International Education (IE subject code) courses, such as World Interdependence: World Food and Population;
Plants and Civilization; Children and Youth in Global Context; Women and Development and Education for Global Peace, bring a variety of international disciplines and perspectives together in one classroom.

**Graduate Programs**

Graduate students may enroll in the International Development or Peace and Reconciliation Graduate Interdisciplinary Studies Programs to earn certificates in the fields. These programs, like the undergraduate programs, do not result in a degree, but enhance a student’s degree in any field.

Graduate students may engage in educational activities abroad as a part of their plan of study through programs that are prearranged with the students’ graduate advisor and sanctioned by Colorado State University and International Initiatives. Students may also participate in short-term international field experience with cooperating faculty and programs.

Nationally competitive scholarship programs for graduate study abroad are facilitated through International Initiatives. The programs include, but are not limited to, the Fulbright Graduate Study Program, the Boren National Security Education Program (NSEP), and the Rotary Ambassadorial Scholarship Program. Contact the Office of International Programs for more information.

**Peace Corps Master’s International Programs**

Colorado State University and Peace Corps participate in several cooperative master’s degree programs, giving students the opportunity to earn a master’s degree and gain hands-on experience internationally. These are offered in any field within the Warner College of Natural Resources, the College of Agricultural Sciences, the Department of English, and the Department of Food Science and Human Nutrition. Students take approximately three semesters on campus, then complete Peace Corps service and return to campus to complete their professional paper or portfolio. The program allows students to integrate graduate study with international development practice through Peace Corps field experience. Students must apply for and be accepted for both graduate study and Peace Corps to complete the program. For more information contact the Office of International Programs, International Initiatives, at (970) 491-3065.

**Other Opportunities**

Weekly seminars, special programs such as exhibits, special speakers, and cultural programs are also offered to assist students in advancing their international educational goals.

**Education Abroad**

*Office in Laurel Hall*
*(970) 491-5917*
*educationabroad.colostate.edu*

Education abroad opportunities are central to Colorado State University’s international mission. Previously known as Study Abroad, education abroad better encapsulates the wide range of international opportunities available to CSU students. Education abroad actively engages students in an international arena and allows them to gain new perspectives on their studies, to broaden their knowledge of international affairs, and to deepen their understanding of other cultures as well as their own cultures. In addition to enhancing a student’s degree program, education abroad provides students with direct experience developing intercultural skills necessary for success in an increasingly diverse and globally interdependent workforce.

The Education Abroad unit of the Office of International Programs manages Colorado State University’s for-credit and not-for-credit international programs throughout the world. Education Abroad advisers provide individual and group advising to students on educational opportunities abroad, program selection, financial aid, scholarships, and credit transfer. In addition, Education Abroad offers support services such as pre-departure orientations, workshops for returnees, and serves as the student’s primary liaison to other campus offices while abroad.

All students considering any international experience (whether it is for CSU credit, transfer credit or not-for-credit learning such as with research, internships, service learning, workshops, conferences, and so on) are required to work with the Office of International Programs in preparation for their time abroad. Advance planning helps assure that international endeavors will not unnecessarily prolong degree completion and that all health and safety preparations have been addressed. Advance planning also assures that students meet application deadlines which can range anywhere from two months to eighteen months before a program begins.

Credit from approved programs abroad may be applied towards a student’s overall degree program at Colorado State. Students participating in an approved education abroad program, even those sponsored by another institution or organization, register in study abroad courses and pay an administrative charge. Registration maintains the student’s full-time enrollment at Colorado State and allows for the release of financial aid to cover
program costs. Students who successfully complete (with a grade of C- or better) a minimum of 12 credits through an approved study abroad program are eligible for a waiver of the All-University Core Curriculum Global and Cultural Awareness requirement.

Further information on eligibility requirements, deadlines, policies, procedures, financial aid, and costs related to study abroad may be found at: educationabroad.colostate.edu.

Scholarships for Education Abroad

The Office of International Programs (OIP) manages many scholarships to support education abroad through the Education Abroad Common Application. The scholarship criteria for the all scholarships can be found at educationabroad.colostate.edu.

Various nationally competitive scholarships are available for international endeavors, including NSEP Boren and the IIE Gilman award. Students interested in scholarships should contact the Office of International Programs as early in their college career as possible since many scholarship deadlines are as much as a year in advance.

In addition to formal study abroad, there are many other opportunities for students to enjoy a significant international experience through service learning programs, work-based experience, internships, and experiential learning. The Office of International Programs maintains information on these opportunities in the International Resource Center in Laurel Hall.

International Student and Scholar Services

Office in Laurel Hall
(970) 491-5917
iss.s.colostate.edu

Mark Hallett, Senior Director

International Student and Scholar Services (ISSS) provides immigration documentation and advising services to international students, faculty, research scholars, and their families. ISSS support services include issuance of immigration documents, orientation, workshops, support during cross-cultural adjustment, and immigration advising. ISSS serves as liaison to U.S. Government departments, academic departments, other campus offices, sponsoring agencies, and embassies. Special services are provided to agency-sponsored students including placement and billing.

New and transfer international students are required to report to campus at an earlier date. Due to the importance of orientation, attendance is required for all new and transfer international students.

ISSS offers an integrated series of programs and services for international students, scholars, and their families at Colorado State University. These programs address cultural adjustment needs, academic success, immigration benefit processing, health and wellness topics, and re-entry issues. Another key element is maintenance of connections between international students, scholars, and their families with their home countries and a focus on understanding Americans and American culture. Programs include World Unity Fair, the Day in the Mountains, and the cross-cultural interactions of international students and U.S. students through the Council of International Student Affairs and through community outreach programs sponsored by the Fort Collins International Center.

INTERNATIONAL STUDENT APPLICATION AND EXPENSES

Application Procedures

The initial inquiry about admission should indicate the applicant’s academic background, proposed program of study, and the source and amount of financial support for study at Colorado State. Applicants are required to submit the Certificate of Issuance of Immigration Document and financial support statements for immigration processing.

Obtaining an Application

Students are encouraged to apply for admission online at admissions.colostate.edu or through the Common Application at commonapp.org. Paper applications can be requested by e-mailing admissions@colostate.edu, calling (970) 491-6909, or writing the Office of Admissions Colorado State University, 1062 Campus Delivery, Fort Collins, CO 80523-1062.

Completing an Application

Unless otherwise indicated, all applicants are required to submit the following documents in order to complete an application for admission. In some cases, additional information may be required before an admission decision can be rendered.
International Programs and Services

International Applicants:

- Application for admission
- $50 non-refundable processing fee or approved fee waiver request
- One official transcript from each university attended (if applicable). If transcripts are not in English, a certified English translation must also accompany each document.
- One official secondary school transcript and school leaving certificate. If transcripts are not in English, a certified English translation must also accompany each document.
- Demonstration of a strong level of English proficiency (TOEFL, IELTS Academic, or PTE Academic results preferred)
- Personal statement (essay)
- Recommendation from a teacher, school counselor, or other person who can attest to the applicant’s personal character and potential to succeed academically at CSU.

Application Processing Fee

A $50 nonrefundable processing fee or approved fee waiver request in cases of documented financial hardship must be submitted with the application for admission. This fee is not deferred until an applicant is admitted, it is not refunded if admission is denied, nor is it applicable to tuition and fees if the student enrolls.

Application Deadlines

Applications become available 8-12 months before the requested date of entrance.

Fall Semester (August-December):

Freshman admissions decisions for the fall semester are rendered on a rolling basis beginning in September, one year prior to the start of the term for which the student has applied. Transfer admission decisions for the fall semester are rendered on a rolling basis beginning in January, one semester prior to the start of the intended term of entry.

Freshman Applicants:

- Early Action Date – December 1
- Regular Decision Date – February 1
- Final Deadline – May 1

Transfer and Second Bachelor’s Applicants:

- Priority Application Date – March 1
- Final Deadline – June 1

Applications not completed and received by the final deadline may be updated to the next consecutive semester or withdrawn.

Spring Semester (January-May):

The completed application deadline for all freshman, transfer, and second bachelor’s applicants is November 1. Applications not completed and received by the deadline may be updated to the next consecutive semester or withdrawn.

Enrollment Deposit and Admission Confirmation

As part of the admission confirmation process, all newly admitted freshman and transfer students must submit an enrollment deposit before they can register for their first semester courses. The deadline for submitting the enrollment deposit is May 1 for fall semester freshman applicants, July 1 for fall semester transfer and second bachelor’s applicants, December 1 for all spring semester applicants, or within two weeks of receiving the offer of admission (whichever is later). Admitted students beginning in a summer term also must submit the enrollment deposit before they can register for courses; summer course registration begins in February.

Good Standing Requirement

Applicants for admission to Colorado State whose records indicate they are under disciplinary censure generally may not be admitted until they have cleared their disciplinary records.

Personal Identifier

The personal identifier for all CSU students is the CSUID. The CSUID is a nine-digit unique numeric identifier that begins with the digit 8 and is assigned by the ARIES Student Information System. The Social Security Number (SSN) is not used at CSU as a personal identifier.

All students are requested to submit a (SSN) at the time of admission or before initial enrollment at the University. The SSN is maintained as a secure data element in the Student Information System and is not accessible as directory information or to unauthorized persons.

International students are encouraged to file for a Social Security Number although they are not eligible for social security benefits. Students’ disclosure of the SSN is required for financial aid purposes, employment, and state and federal reports required by law.

The SSN is released to agencies or individuals outside the University only at the request of the student or in accordance with federal and state requirements in regard
to financial aid awards; Internal Revenue Service for student employee salary reporting and 1098T/1098E reporting; Colorado’s College Opportunity Fund processing; and State Controller’s debt collection procedure. The University has strict policies protecting and prohibiting the use of SSN and uses every reasonable effort to protect and not disclose the SSN.

Immunization Policy

Colorado State University, in compliance with Colorado State laws and Health Department regulations, requires persons born January 1, 1957 or later to show proof of two vaccinations for measles, and mumps, and one vaccination for rubella (MMR) or to show written evidence of laboratory tests showing immunity.

Colorado law, Colo. Rev. Stat. § 23-5-128, also requires every student residing in student housing to fulfill two requirements for Meningococcal Vaccine:

1. Access the CSU Health Network Portal to sign a statement that student has reviewed the Meningococcal Disease Information Document, which describes meningococcal disease and the vaccine that can prevent the disease.
2. Indicate whether student a) received the Meningococcal Vaccine, b) plans to have the vaccine administered, or c) is “waiving” the requirement and declining to receive the vaccine.

Submit immunization records or laboratory results to the CSU Health Network prior to arrival at school. Additional information concerning immunization should be directed to:

Immunizations Office:
CSU Health Network, Immunizations Clinic, 8031 Campus Delivery, Colorado State University, Fort Collins, CO 80523-8031 CSUHN_immunize@mail.colostate.edu Phone: (970) 491-6548, Fax: (970) 491-0268

English Proficiency

Colorado State University requires all students whose first language is not English, regardless of citizenship, to demonstrate a high level of English proficiency. Undergraduate applicants from Australia, Canada, Ireland, New Zealand, and the United Kingdom whose first language is English are exempt from this requirement.

To be considered for admission, undergraduate applicants must present strong academic preparation and one of the minimum scores presented in the table below.

<table>
<thead>
<tr>
<th>English Proficiency Exam</th>
<th>Conditional Admission*</th>
<th>Clear Admission**</th>
</tr>
</thead>
<tbody>
<tr>
<td>TOEFL IBT (Test of English as a Foreign Language Internet-Based Test)</td>
<td>45</td>
<td>79</td>
</tr>
<tr>
<td>TOEFL PBT (Test of English as a Foreign Language Paper-Based Test)</td>
<td>450</td>
<td>550</td>
</tr>
<tr>
<td>IELTS Academic (International English Language Testing Services)</td>
<td>5.0</td>
<td>6.5</td>
</tr>
<tr>
<td>PTE Academic (Pearson Test of English)</td>
<td>39</td>
<td>53</td>
</tr>
</tbody>
</table>

*Conditional admission is offered to students whose overall academic record shows their readiness to be successful as degree-seeking students with some level of English proficiency support. Students who may benefit from additional academic preparation in addition to English proficiency support are encouraged to begin with INTO CSU Pathways. The INTO CSU Academic English option is available to students who need more extensive English proficiency support, either because they do not have TOEFL/IELTS or because their results are too low for Pathways or Conditional Admission qualification.

**Applicants with minimum 71 TOEFL IBT or 525 TOEFL PBT, 6.0 IELTS, or 48 PTE scores still may be offered clear admission based on consistency in the test subscores or bands and the overall strength of their academic credentials.

While alternative English language proficiency indicators may be considered for conditional or clear admission, the TOEFL, the IELTS Academic, and the PTE Academic exams are preferred. Possible exceptions may include successful completion of the INTO CSU Academic English Program (AEP) Level 6, participation in an INTO CSU Pathways program, or completion of high school or college/university level work in a school system based in the United States, Australia, Canada, Ireland, New Zealand, or the United Kingdom with English as the primary language of instruction.

Expenses and Costs

Authority to set tuition rates is vested in the governing boards of Colorado’s state institutions of higher education. The tuition rates which apply to any succeeding fiscal year will not be known until June of each year. The Board of Governors of the Colorado State University System, therefore, reserves the right to change tuition and fee schedules and related policies, including the time, date, and method for payment, at any time.
International Programs and Services

Student Financial Services

Office in Centennial Hall
(970) 491-6321
sfs.colostate.edu

Schedule of Tuition and Fees

The most current listing of tuition and fees, as well as a tuition calculator, will be found at registrar.colostate.edu/tuition-fees.

In addition to the charges listed under each category, students may be required to pay differential tuition, program charges, charges for technology, and/or special course fees. Tuition and fees for a student registering for a combination of regular on-campus courses or continuing education courses will be assessed individually according to the schedule established for each.

Students who are off campus for full-time internships, practica, and professional affiliations, and are not concurrently enrolled in other on-campus experiences or courses, will be assessed a reduced general fee amount.

Tuition and Fee Adjustments

Registration Cancellation

Before classes begin for a particular term, all courses can be canceled via the Web registration system (RAMweb) with no charge and no charges will be assessed. Students not planning on attending must cancel their registration before the fall or spring semester begins or they will be assessed a portion of tuition and fees.

Registration Changes

Tuition and fees will be adjusted (not cancelled) for undergraduate students if credits are added or dropped during the schedule change period at the beginning of the semester. Specific dates are listed in the on-line class schedule. After this deadline, there is no adjustment in tuition and fees if a student drops part of his or her schedule.

University Withdrawal

Once the semester begins in fall or spring, students dropping all courses and leaving the University must contact the Center for Advising and Student Achievement (CASA), Room 121, The Institute for Learning and Teaching (TILT), 801 Oval Drive.

The schedule for tuition and fee adjustments for students withdrawing from the University may be found on the Registrar’s website at registrar.colostate.edu.

Exceptions to the pro-rated tuition and fees adjustments may be made in the following situations:

1. Withdrawing students who received financial aid are subject to specific federal, state, and University withdrawal policies regarding tuition and fees, housing charges, return of funds to financial aid programs, and repayments resulting from their withdrawal.

A withdrawal may require an immediate return of financial aid funds. Returns are calculated according to Federal Student Assistance General Provisions regulations. The date of a student’s withdrawal, financial aid disbursements to the student’s account, and University charges, are used to calculate the return amount.

The student may have to repay those funds which are in excess of an amount based on their length of enrollment.

All calculated refunds and repayments of University charges will be allocated to financial aid programs first, and any remaining amount to the student.

2. University room and board charges will be assessed through the vacate date from University housing.

3. In the case of a student death, a refund of tuition and fees may be made any time during the semester.

4. Withdrawal as a result of serious illness, disabling accident, military draft, or activation of reserves or National Guard units, initiated at the Center for Advising and Student Achievement (CASA), Room 121, The Institute for Learning and Teaching (TILT), will be subject to review by the Office of the Vice President for Student Affairs which may recommend a variation from the normal adjustment policy.

Please note: No financial adjustment will be made for a student who is suspended, dismissed, or expelled for breach of discipline.

Special Fees

The International Student and Scholar Services administrative charge is $90 the first semester and $45 for each subsequent semester. Fees are subject to change. Sponsors of international students, such as foreign governments, are assessed a charge of $373 per term.

*Fees are subject to change.

---

1. For some courses, enrolled students are assessed a uniform fee during registration to cover costs such as the rental of external facilities, the expenses of field placements, the provision of special equipment and materials that the University would not otherwise maintain, and/or the costs of off-campus travel of students with supervising faculty members.

2. For some courses, enrolled students are assessed a fixed or variable fee by the department based upon actual use of expended materials supplied by the department and used by the student in the creation, construction, and/or fabrication of an object of value, such as a class project that becomes the student’s property. These fees are designed for situations in which it is more efficient for the departments to supply the expendable materials because of the inability to make individual purchases economically.

3. For some courses, enrolled students are assessed variable fees by the department based upon actual damage or non-return of equipment used in the courses.

4. For some courses, enrolled students are assessed a fixed fee to provide funds for replacement or upgrade of equipment that was purchased originally through department funds and cannot be maintained appropriately without this type of student fee support.

All special course fees will be assessed and collected through normal student accounts receivable procedures. No fees should be paid directly to academic departments or individuals.

## Additional Expenses

### Personal and Living Expenses

Students from other countries should anticipate expenses considerably higher than those quoted in the chapter on Financial Services for Students. The following estimates do not include costs of deposits for off-campus housing, transportation, international travel, clothing (particularly winter clothing for those coming from warmer climates), living expenses during vacation periods and during the summer months for those who choose to remain on campus, the cost of keeping an automobile and insuring it, child care, shipping books and other belongings home, taxes owed on U.S. source income, and items of personal use which cannot be brought in a suitcase and which must be purchased in the United States after arrival. An annual inflation rate of 3% should be anticipated in all calculations. These figures, therefore, are subject to
change. For an up-to-date list of estimated expenses, please see: international.colostate.edu.

The minimum amount of financial support necessary per academic year (nine months) for a single, undergraduate student is based on current tuition and fee amounts. The actual total may exceed this minimum, as it reflects a relatively modest standard of living.

In addition, expenses for graduate students may run considerably higher than for undergraduate students because of research costs, thesis expenses, field trips, special equipment, and more expensive textbooks.

Students accompanied by dependents must allow additional funds, please see the Estimates Family of Expenses below.

1Mandatory, 12-month coverage for one or more children.

These figures are relatively conservative budget estimates for a student who budgets carefully and shares living quarters with at least one other person. While some students can live comfortably on this amount, others find that they need more.

Satisfactory proof of finances covering all required expenses must be provided before Colorado State University will issue an I-20 or DS-2019.

Tuition and fees, as well as other expenses listed above, are subject to change due to annual inflation. Increases become effective as of July 1 each year. Refer to wsnet.colostate.edu/cwis30/websites/issss/forms/estimatedexpenses.pdf for the most current information on expenses.

Medical Insurance

All non-immigrant students and accompanying dependents are required to enroll in the Student Health Service insurance program (or to show proof of equivalent or better protection).

Housing

All newly admitted first-year students without previous college experience, who are single, under 21 years of age,
and not living with their parents in the Fort Collins area, are required to live their first two consecutive semesters in a residence hall. Credits taken concurrent with high school and/or credits attained through Advanced Placement (AP) do not apply toward living experience. First year students are guaranteed a room in one of thirteen residence halls on campus. Visit housing.colostate.edu/halls for more information. The residence halls house 20% non-first year student including transfer students and upper-class students. Students with families, graduate students, and upper class undergraduate students can find information on university apartments at housing.colostate.edu/apartments. Off-campus housing information can be found at Off-Campus Life, ucssral.colostate.edu.

Residence Halls

Students have fifteen residence halls to choose from on campus. The halls offer double and single rooms in community style and suite-style halls. Students in the residence halls have a choice of meal plans and can eat at any one of six dining centers including four late night operations, two express locations, and a sports grill. The halls also offer professional staff, 24/7 security, and a wide variety of social and educational programs. For more information visit housing.colostate.edu.

University Apartments

The University Apartments offer one, two, and three bedroom apartments in three apartment communities for students with families, graduate students, and undergraduate students who have met the freshman live-in requirement, and CSU faculty and staff. For more information visit: housing.colostate.edu/university-apartments.

Third-Party Billing

All agencies and other entities sponsoring international students, which utilize third party billing privileges, will be assessed a $375 base service fee per student per academic term. This fee applies to all international students who receive services regardless of whether the student is registered for credit-bearing classes. For a copy of the Service Schedule and/or a detailed list of estimated expenses, send a request to: ISSS Assistant Director, Sponsored Degree Programs, Office of International Programs, 1024 Campus Delivery, Colorado State University, Fort Collins, CO 80523-1024.

Exchange Students

International students attending Colorado State as a part of one of Colorado State’s two-way reciprocal exchange programs should direct questions about their study and expenses to the Office of International Programs, 1024 Campus Delivery, Colorado State University, Fort Collins, CO 80523-1024.

Colorado State University reserves the right at any time, without notice, to change, modify, or cancel any course, program, procedure, policy, financial requirement, or disciplinary arrangement set forth in this catalog whenever, in its sole discretion, it determines such action to be appropriate. Furthermore, Colorado State will not be responsible for any failure to present or complete any course or program or to perform any other activity, function, or obligation mentioned in this catalog. Since changes may occur at any time, students must check the relevant website (as noted throughout various chapters in this catalog).
