STUDENT USE AGREEMENT
2015-2016

In exchange for granting me, as a registered student, the right to possess and use a copy of SAS Institute Inc. software ("Software") on my personal computer or workstation, I agree that:

- The Software is the copyrighted property of SAS Institute Inc. ("Institute"). Neither I nor the Education Institution own the Software or any copies thereof which are being provided to me.

- The Educational Institutional licenses the Software and annually pays a license fee to enable it to make a limited number of copies available for use by registered students. I agree to use the Software for academic purposes in the U.S. only and understand that any commercial or profit-making use of the Software is strictly prohibited.

- Source code underlying the object code provided with the software ("Source Code") is an Institute trade secret which I am not authorized to access. I may not reverse assemble, reverse engineer or decompile the Software or otherwise attempt to access the Source Code.

- I will not copy the Software and will not permit access to the Software by others.

- If I violate the terms of this Agreement, the Educational Institution has the right to take disciplinary action against me and SAS Institute Inc. has the right to take legal action against me.

- When I am no longer a registered student of the Educational Institution, or when requested to do so by SAS Institute Inc. or the Educational Institution, I will return my copy of the Software to the appropriate official of the Educational Institution and delete or destroy any copies within my control.

- I understand that this software is loaned to me, and all software and documentation must be returned to RAMtech within 72 hours of checkout to avoid a replacement charge of $29.99.

The student and the Educational Institution have read this agreement, understand it, and accept its terms. Accepted By:
